

EGNRET 46 Outcomes

- PRLCE Phase 3 in Viet Nam reported by APERC
- APSEC updates, and an introduction about the APSEC workshop held along with EWG51
- Economy presentation on Development of Distributed Energy and/or New Energy Technologies in APEC Economies from Hong Kong, China, Japan, Malaysia, The Philippines, Thailand and USA. The FIT regulation and application were discussed during the meeting.
- The APEC Program Director gave a introduction about the project submission process
 - **The project title should clearly indicate the topic of the project.**
 - **The budget information on Concept Notes should be fully estimated**
 - **EWG rep. could nominate the assessor with related expertise for QAF**

EGNRET 46 Outcomes (cont.)

- 2 Concept Notes were presented on the EGNRET 46.
 - **Industrial Economy Analysis Based on Distributed Energy Internet Technology Innovation in APEC Region(China)**
 - It is concluded that the concept notes will be modified according to the comments and back to EGNRET Secretariat
 - **Heating Applications of Wood Pellets in Small and Medium Enterprises to Enhance Utilization of Renewable Energy in the APEC Region(Chinese Taipei)**
 - The CN is endorsed and sponsored by Thailand, The Philippines, and USA
- **Work plan of APEC and IRENA**
 - EGNRET has important role to develop the roadmap for achieving the Leaders' aspirational goal of doubling the share of renewables in APEC's energy mix
 - By reviewing the completed and ongoing work through the EWG and that by relevant international organizations, EGNRET can assess gap and priority areas.

EGNRET 46 Outcomes – RE Doubling goal

After the discussion, it is supported to have a RE initiative to approach the roadmap to the doubling goal

Chinese Taipei will propose a CN related to the roadmap and direction of **“Fill the Gap to Reach the RE Doubling Goal”**

The roadmap can help the members to build the idea and concept to propose CN toward the doubling goal.

Also, EGNRET is going to propose an Initiative: “Fill the Gap to Reach the RE Doubling Goal” in EMM13 in Viet Nam

Filling the Gap to Reach the RE Doubling Goal

- 1) An **initiative** would be proposed to develop a **roadmap** toward the doubling RE goal, collaborated with IRENA and other APEC sub-groups.
 - The strategy could be planned as the former EGNRET's **APEC 21st Century Renewable Energy Development Initiative developed in 2000.**

Filling the Gap to Reach the RE Doubling Goal

- 2) The projects related to “Fill the Gap to Reach the RE Doubling Goal” should be proposed for preparing the **roadmap** toward RE doubling goal by 2030.

RE Doubling Goal

Concluding Remarks

- 1) EGNRET will continue work with EGEDA, EGEE&C, PPSTI, and APERC and APSEC in the APEC Region.
- 2) EGNRET will try to communicate with IRENA, IEA, and ASEAN to obtain the most useful information for push forward the doubling goal.
- 3) EGNRET will continue to discuss and look into the priority of different technology and/or strategy is required for all APEC Region or each Economy.
- 4) EGNRET will encourage each economy to submit the proposal based on the identified priority in order to remove the barrier and speed up the deployment of renewable energy.
