

Renewable cost analysis at IRENA

Fills an important gap in knowledge

World-class database of costs

Cutting edge analysis, not just data

More products and analysis coming

Costing Alliance deepens engagement

Highlights

The relentless improvement in competitiveness continues

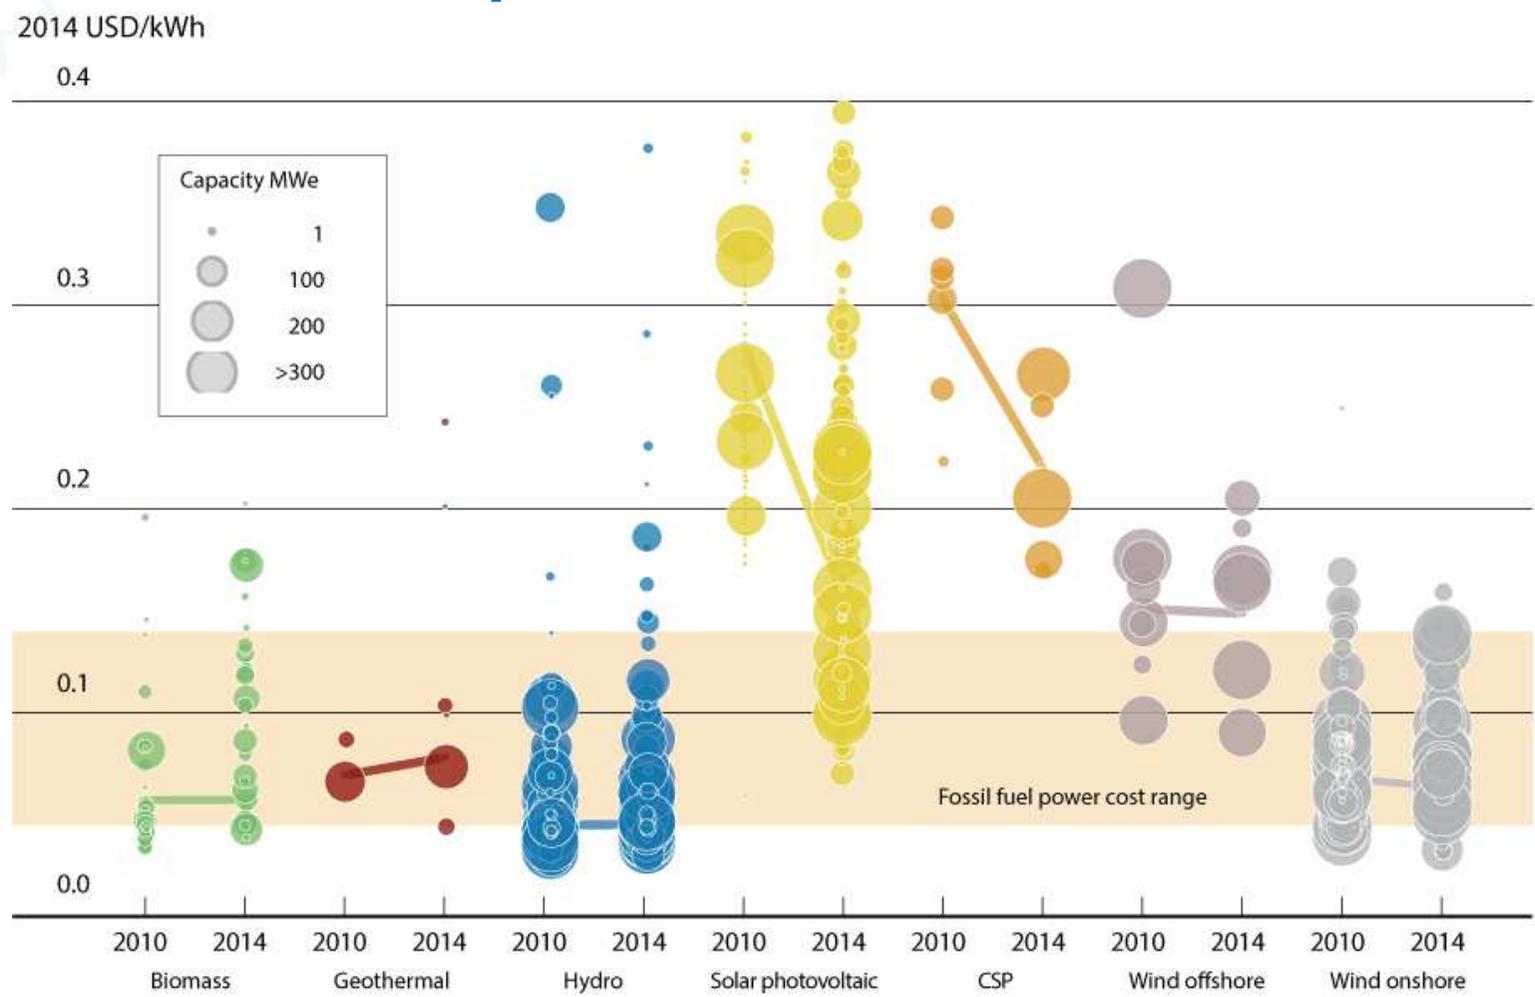

Renewables competing head-to-head with fossil fuels

Integrating variable renewables doesn't change the conclusions

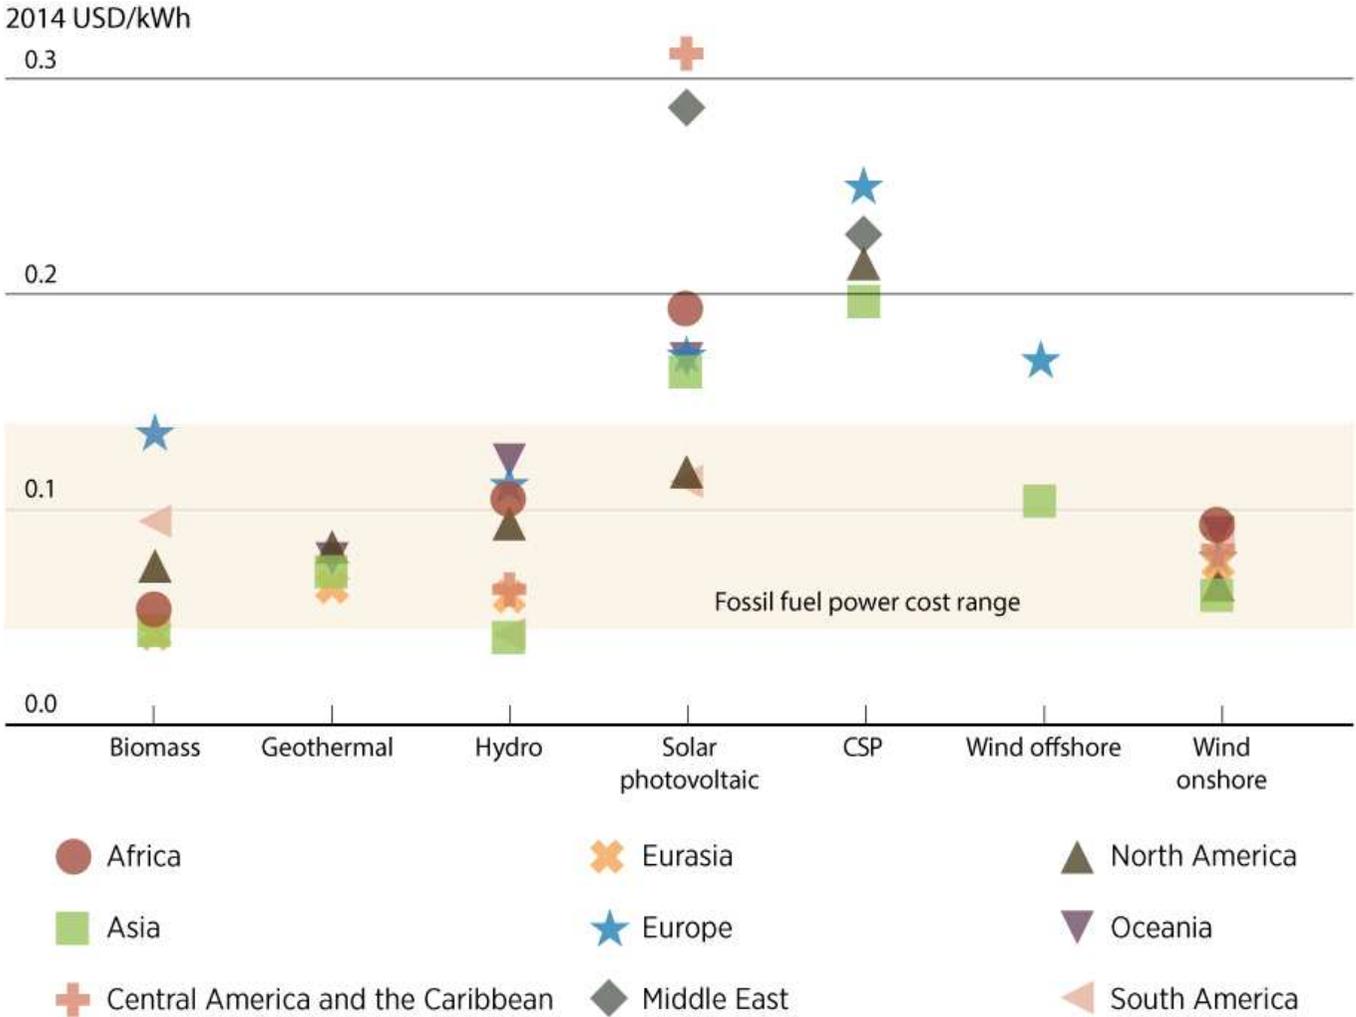

Future cost reductions will be more challenging, policy driven

Renewables competitiveness continues to improve

Competing head-to-head with fossil fuels

Integrating high levels of variable renewables is competitive
