Discussion on Next Step for “APEC Policy Guidance to Develop and Implement Clean and Low-Carbon Hydrogen Policy Frameworks in the Asia-Pacific”

EGNRET Chair

Dr. Chi-Wen Liao

**EGNRET & EGCFC
Joint Meeting**

**Hosted by Hong Kong, China
April 10, 2025**

Proposed Implementation Workplan

Key areas of the PGH

■ a) Standards and certification

- ✓ EGNRET may assist in mapping key international hydrogen initiatives on standards and certification by reviewing and providing input on circulated materials (e.g., Policy Guidance Annexes).
- ✓ Publicly available resources and related links may be shared via the EGNRET website.

■ b) Value-chain, and within this, sub-area “sustainable market growth”

- ✓ In cooperation with APERC, the APEC CLCH Network Project will be developed, with plans to hold an annual convention and related site visit alongside future EGNRET meetings.
- ✓ Members are encouraged to contribute by proposing APEC projects.

Proposed Implementation Workplan

Cross fora collaboration and international engagement:

- APEC's EWG engagement with other international relevant organizations such as IRENA, IPHE, IEA, OECD and ISO.
- Outreaching APECs Policy Partnership on Science and Technology (PPSTI), APECs Automobile Dialogue, APECs Transport Group.
- ✓ Participation of the OECD and APEC Sub-Committee on Standards and Conformance (SCSC), in the EGNRET & EGCFE Joint Meeting.
- ✓ Explore opportunities to expand knowledge sharing with PPSTI and international organizations such as ISO, APMP (Asia-Pacific Metrology Programme), .
