EWG's Policy on Project Vetting

[1] Procedures for Project Proposals

EWG 43 (March, 2012)

- While EWG member economies retain the right to make project proposals directly to the EWG, member economies are highly encouraged to vet project proposals with an appropriate expert group or task force.
- This will ensure expert advice and coordination with ongoing and planned work as the project proposals are elaborated.
- Project proposals should normally be submitted by a EWG delegate or designated expert group or task force member.
- In cases where the subject matter of the proposal does not clearly relate to the remit of any existing expert group or task force, or in cases where the project would be self-funded by an economy or economies and no request is being made for support from APEC funding sources, the expert vetting process may not be necessary.

EWG's Policy on Project Vetting

[2] Procedures for Projects Underway

EWG 43 (March, 2012)

- Each APEC-funded project underway should be assigned a lead expert group or task force to follow and advise it, along with an assisting expert group or task force where appropriate, to ensure coordination with ongoing or planned activities.
- Project assignments should be suggested by expert group and task force chairs collectively, and the assignments should then be endorsed by the EWG.
- The APEC and EWG Secretariats should maintain a list of current projects with leads and co-leads for each in consultation with the expert group and task force chairs, and this list should be reported to the EWG.

Guidebook on APEC Projects (8th Ed.)

New Guidebook: May, 2012

The new version is issued to facilitate the consultation of Project Proponents and Project Overseers and make easier the arrangements both the submission of proposals and travel undertakings

- The templates of Concept Notes and Full Project Proposals will be those containing in 8th Edition.
- For Monitoring and Completion Reports, Appendixes G & H are including the new templates to be fulfilled for that occasion.

Guidebook and Forms: <http://www.apec.org/Projects/Forms-and-Resources.aspx>

Develop a Project

- Concept notes (including title page) should be **less than 3 pages**. At least two co-sponsors.
- Each project proposal should be **no more than 12 A4 pages**, including the budget.
 - A minimum of **two Quality assessment forms (QAFs)** are required.
 - Assessors should not be from the proposing economy. Co-sponsoring economies may undertake the QAF. Project Proponents should incorporate all QAF comments into a single consolidated document.
- Project proposals are to be completed using the **APEC Project Concept Notes template and Proposal template**.
