*APEC Member Economies meet their energy needs in a way that minimizes the impact on the environment and is safer for future generations.*

**Key to meeting our clean energy generation objectives are:**

- a) developing effective policy recommendations for addressing impediments to the increased use of renewable energy technologies and for including renewable energy in domestic energy plans.*
- b) conducting renewable energy resource assessments to facilitate a thorough understanding of renewable energy resource availability in APEC-member economies.*

## 3. Develop Cleaner Energy Sources:

Page 2/3
