EG/TF Representative submits project CN to EG/TF Chair and EG/TF Secretariat no later than 4 weeks before EWG meeting.

Co-sponsorship conveyed in writing through EWG rep or EG/TF rep (with copy to EWG representative).

Or sponsoring economy rep forwards CN to EWG Secretariat 4 weeks in advance with justification for not going through EG/TF.

EWG Project Endorsement and Ranking

EWG Secretariat circulates all CNs to EWG members 2 weeks before EWG meeting. CNs are endorsed and scored/ranked at EWG meeting.

EWG Secretariat submits all endorsed CNs with final EWG scoring/ranking to APEC Secretariat.

If CN is not endorsed, EWG Secretariat will inform the PO and sponsoring economy EWG representative.

In the case of EGNRET meeting being held less than 4 weeks but greater than two weeks to the EWG meeting, the EGNRET chair can ask to move this date up to two weeks before EGNRET meeting.

Project Approval

APEC Secretariat reviews endorsed CNs for compliance.

APEC Secretariat informs EWG of CNs approved in-principle.
• EWG members will review EWG CNs at relevant EWG meeting, ensuring that projects are:
  • Aligned with the EWG Strategic Plan and
  • Support Energy Ministers’ and Leaders’ goals and priorities.
• Once endorsed, EWG members will score/rank projects at the meeting.
  • Note EWG representatives should be authorized to score/rank projects on behalf of their economy at the EWG meeting.

Main Sources of APEC Project Funding

- **General Project Account (GPA, formerly Operational Account)**

  All APEC member economies may apply for funding under GPA. Projects may be fully funded under GPA. There are no self-funding requirements for GPA-funded projects.

- **APEC Support Fund (ASF)**

  All APEC member economies may apply for ASF funds. There are no self-funding requirements.

- **APEC Trade Investment and Liberalization Fund (TILF)**

  Developed economies must provide 50% self-funding; developing economies must provide 20% self-funding.

- **Self Funding (Endorsed by fora)**

  * The financial year (FY) of APEC: 1 Jan to 31 Dec of each year

Source: Guidebook on APEC Projects (10 Ed.) (2013)
The General Project Account (previously Operational Account)

• The GPA is funded from annual membership contributions. It supports initiatives under APEC’s economic and technical cooperation agenda aimed at attaining sustainable growth and equitable development.

• All APEC member economies may apply for funding under GPA.

• Projects may be fully funded under GPA. There are no self-funding requirements for GPA-funded projects.
The APEC Support Fund

• The ASF are sourced from voluntary member contributions. The ASF supports capacity-building needs for APEC developing economies.

• All APEC member economies may apply for ASF funds. There are no self-funding requirements for ASF funds. However, the ASF General Fund is subject to a cap of USD150,000 (not inclusive of any self-funding/co-funding portion of the project).

• For those projects requiring a lower budget, member economies are encouraged to co-fund the projects that they submit in the form of financial contributions and/or in-kind contributions on a voluntary basis.
The APEC Support Fund

• ASF projects must clearly address the capacity building needs of developing member economies.

• APEC defines capacity building as activities that enable people, businesses, and government to improve skills and knowledge to engage in trade and investment liberalization and facilitation.

• POs have the option to identify which ASF sub-fund they believe their concept note could be eligible for.
The Trade and Investment Liberalization and Facilitation Account (TILF)

- TILF is sourced from voluntary member contributions.
- All TILF projects must clearly contribute to achieving trade and investment liberalization and facilitation, as it relates to at least one of the 15 areas listed in Part 1 of the Osaka Action Agenda.
- The funding criteria for TILF require member economies to self-fund a percentage of the overall project cost.

[1] Procedures for Project Proposals

**While** EWG member economies retain the right to make project proposals directly to the EWG, member economies are highly encouraged to vet project proposals with an appropriate expert group or task force.

- This will ensure expert advice and coordination with ongoing and planned work as the project proposals are elaborated.

- Project proposals should normally be submitted by a EWG delegate or designated expert group or task force member.

- In cases where the subject matter of the proposal does not clearly relate to the remit of any existing expert group or task force, or in cases where the project would be self-funded by an economy or economies and no request is being made for support from APEC funding sources, the expert vetting process may not be necessary.
EWG’s Policy on Project Vetting

[2] Procedures for Projects Underway  

EWG 43  (March, 2012)

• Each APEC-funded project underway should be assigned a lead expert group or task force to follow and advise it, along with an assisting expert group or task force where appropriate, to ensure coordination with ongoing or planned activities.

• Project assignments should be suggested by expert group and task force chairs collectively, and the assignments should then be endorsed by the EWG.

• The APEC and EWG Secretariats should maintain a list of current projects with leads and co-leads for each in consultation with the expert group and task force chairs, and this list should be reported to the EWG.
New Guidebook: updated in June, 2015

The new version is issued to facilitate the consultation of Project Proponents and Project Overseers and make easier the arrangements both the submission of proposals and travel undertakings.

- The templates of Concept Notes and Full Project Proposals will be those containing in 11th Edition.
- For Monitoring and Completion Reports, Appendixes G & H are including the new templates to be fulfilled for that occasion.
