6. Total funding will be allocated 60% to project session 1, and 40% to project session 2

APEC Project Reform

Eligibility Criteria and Guidelines for Accessing the Energy Efficiency and Low Carbon Measures Sub-Fund

Projects must:

- Have at least 4 co-sponsoring economies from the project's originating forum, as confirmed by the APEC Secretariat; and
- Focus on activities which will contribute to achieving APEC's aggregate energy intensity reduction goal of 45% by 2035 and/or
- Focus on activities which contribute to achieving the goal of doubling the share of renewables by 2030

Key Conclusions of EWG53 related to EGNRET

- Expert groups are encouraged to conduct cross-fora cooperation and **should report to EWG for endorsement.**
- **EGNRET** is requested to address broader contents regarding **renewable energy doubling goal**, including technologies, financing, procurement, and etc.
- EWG members and sub fora are encouraged to develop energy activities/programs with APEC host economy of 2018- **Papua New Guinea.**
